PRESBYTERIAN CHURCH, ACCRA · CHILDREN'S MINISTRY

Our history

2006 – today · the story of our children's ministry

2006

Twelve children, one room

Our children's ministry began in the church vestry with twelve children, two volunteer teachers and a borrowed flannel board.

2011

Classes by age

As numbers grew past sixty, we split into Beginners, Primary and Juniors so every child could learn at the right level.

2015

Our first children's harvest

Children led their own harvest service, raising food and school supplies for two partner schools in the Central Region.

2019

Seniors and safer check-in

We launched Seniors classes for ages 11–13 and introduced secure check-in, safeguarding training and police background checks for all teachers.

2023

A new children's wing

Nine bright classrooms opened, each designed around how children of that age learn, play and pray.

2026

Our ministry goes digital

Families can now follow each week's lesson at home through this website and the Children's Ministry app.

Replace this document any time in the website's content manager → About page → History document.
